THE RAYMOND LION

How did Lionism get started? The movement of Lionism as a service club in the brain-child of Melvin Jones. It is difficult for Canadians to realize that the service club as a modern organization did not exist before the First World War. The idea for the Lions organization began at the old Boston Oyster House in Chicago's Loop in March of 1913.

William Towne invited a young insurance broker, Melvin Jones, to join the "Business Circle" that had its beginning in 1909 as a help-one-another scheme for Chicago businessmen. The membership in the organization had fallen from 200 to 30.

Young Jones was responsible for bringing back a prominent member and was soon elected sec-treas. and he soon had seventy-five and more in attendance. He enjoyed his work and answering his wife's criticism for spending so much time for free Melvin said, "I am finding out that you don't get far until you start doing something for somebody else". That set the standard still followed today.

Jones became aware that his club should be set to work on something useful. Luncheon classification clubs all over the country were in the same position. Association of Red-heads, Medical Association and many others were carrying on merely to give business men a chance to talk to each other. In a year a national idea bore in on Melvin and he persuaded his Club to contact other clubs in other cities with the idea of uniting the "congenial" clubs to one purpose. His colleagues kidded him by referring to his insurance office as International Headquarters. He and his wife wrote thousands of letters. Nothing came of it until 1917. He visited clubs and found that many of them favored an association of clubs with the same name and committed to one program. He became more convinced in the "Jones Law" of service.

On June 7th, 1917, twenty-seven clubs had delegates present at the noon luncheon of the 'Business Circle'. Melvin realized that every delegate would likely hold out for the name of his own club and its policy too. He sort of sabotaged the group by asking several how they would like to belong to the Lions. Jones opened the Conference with a well timed and well planned speech—offering to sacrifice the name "Business Circle". The club name seemed hollow. Melvin said that the name 'Lion' stands for something—not just as a noble animal, rather as a symbol of great deeds and high accomplishments in heraldry and mythology.

A motion carried inviting all congenial clubs to join the "International Association of Lions Clubs". Richard the Lion-hearted carried a Lion on his crest. Hundreds of coats of arms carry a Lion. Christ is often called the Lion of Judah. The Lion is a symbol for good—for service. Frank Lord says it is impossible to be a Lion and act like a lamb—certainly not like a jackass.

The Lion stands for many things:

1. Courage—warriors were often called Lions.
2. Strength—in Bible days, strong as a Lion was superlative.
3. Activity—a Lion is always busy ready for action.
4. Fidelity—ancient art, one lion for strength and two for fidelity.

The colors selected—gold for the Lion's mane and purple for his royalty. To Lions the combination of purple and gold symbolizes co-operation and education, enlightenment, entertainment and recreation.

A slogan to fit the name and colors came a little later. Its selection was simplified by the use of an acronym: "Liberty, Intelligence Our Nation's Safety."

Your Government

By Andy Snaddon

As it moved slowly toward a conclusion the Alberta legislature was suddenly sparked by a lively debate concerning Communism, the Canadian Peace Council and the United Nations.

The whole thing flared up as a result of remarks by Arthur Wray, the Independent Social Credit member from Banff—Cochrane. Mr. Wray was an early Social Credit supporter and in 1944 was elected as a government member. He frequently objected to government policy, indeed was more in opposition than some of the members elected for that purpose. So in 1947 he was put out of the party and his seat was moved across the floor to the opposite desks.

Then, after being re-elected on a second count in 1948, he continued his attacks on the government. He makes no secret of the fact that he thinks confidence in the Social Credit government is misplaced. Mr. Wray has often suggested corruption, inefficiency and malpractice, although he has not successfully proved such charges.

In 1950 he suddenly became active in the Alberta Peace Council. When the Dean of Canterbury, generally called "Red Dean" came to Calgary in May 1950 Mr. Wray was chairman of the meeting. Later in the year he went to Warsaw to attend a meeting of the World Peace Congress, which most western world statesmen consider communist-directed, although the membership is not necessarily composed of members of the Communist party.

It was quite apparent that this would come to a head in the legislature. And it did.

There was a bill before the house to provide that Alberta civil servants should be given job-protection as well as pension rights and a pay grant if they were enlisted in the active services of Canada and the United Nations. Mr. Wray objected to that section about the "United Nations". He claimed that not all nations were members of this and that the wishes of the British Commonwealth nations were not necessarily in accord with what the United Nations did. He considered the Korean was a civil war, and felt that Canadians should have stayed out of it.

In the ensuing debate, J. Harper Prowse, Liberal leader, was quick to declare that he considered Mr. Wray's statements the same as communist line and that he thought the member was misguided. Mr. Prowse wondered what our troops in Korea would think to see that a member of their legislature considered they were just "dupes". He hoped that he would never hear such a speech in the legislature again. The suggestion that the Western World countries were war mongers appalled him. Hon. A. J. Hooke, minister of economic affairs, went further. He called Mr. Wray a "rank communist". Mr. Wray did not deny this at the time as he was not

(continued on page three)

Mr. and Mrs. J. F. Grant entertained at a Bridge Party in honor of Mrs. Effie King recently. High scores went to the Packs with Mabel copping the Ladies and Mirza the men's.

A delicious lunch was served by the hostess.

Farewell for Bob Greep

A Farewell Service was held in the Third Ward, Sunday evening for Bob Greep who leaves this week on a mission to Australia.

Paul Fairbanks, representing the Bishopric was the first speaker, followed by Eugene Dahl, a recently returned missionary. Bill Greep made a few remarks, followed by his son Bob.

Musical numbers consisting of a missionary chorus, solos by Gladys Greep, and a choir number were interspersed through the program.

Bob was presented with the book, "Our Family Through the Ages" by the Genealogy Committee.

Mrs. Alta (Neal) Fisher of Helena, Montana spent the week-end in town visiting at the Lee Brewerton's and Louis Fishers. Mrs. Fisher is the State Treasurer in Montana.

Leth. Girl Crowned "Miss Sunny Alberta"

The Raymond Young Buddhist's Association sponsored their Fifth Annual MISS SUNNY ALBERTA Dance on Easter Monday, March 26th, at the Lethbridge Collegiate with music supplied by Norm Thomas and his orchestra. Popular Miss June Yoshida, candidate from the Lethbridge J.C.C.A. was crowned Miss Sunny Alberta of 1951 by Miss Tonye Sasaki queen of 1950. The candidate from the Raymond Y.B.A. was Miss Hideko Kawasaki.

Despite bad weather conditions people gathered from Calgary, Coaldale, Picture Butte, Taber, Lethbridge, Raymond and various districts to support their candidates with great enthusiasm.

The local Y.B.A. wish to take this opportunity to thank everyone who helped make this event such a great success.

Just Penning Thanks

(Margaret Huszar)

Spring was here. Spring fever is still present. No young man's fancy has turned yet, unless it was in the wrong direction. The girls still have to wait for the boys to precede them through doors and down the hall.

The students aren't settled in their rut either. They are sitting on the brink of it wondering if they should risk their lives and dive in. A few mad creatures (they could hardly be called humans) have settled down to a rigid schedule of study. An extra hour every night. Good intentions, anyway. They may even straighten out our tarnished halos.

These geniuses will probably pass the finals while the rest of us struggle another term.

That reminds me. Just three more months of torture. Then we are let upon the wide world. The grade 12's certainly have some high and mighty ambitions: teaching, doctoring, painting, writing—we should have some celebrities.

No noises in the Hi-Times except an occasional "Hey you!" so no Hi-Times for awhile. Basketball is buried for the term and baseball is being unearthed. House leagues are forming.

The band is beginning to sound respectable. I guess we can take the cotton out of our ears at noon henceforth.

Don't you people ever get tired of this?

You will.

There Were Many of Them

If a man had a penny for every nose that pointed skyward and for every goose that flew across town on Wednesday, he could spend next winter basking in the warm breezes of the South Sea Islands or he might even have enough for a good-sized roast for Sunday dinner. We can't say what time they started or what time the last ones passed over but it took us almost a half hour to go the one block from the Town Hall to home because we stood in awe at such a sight of nature's control over the actions of these birds.

We are not naturalists or even hunters but one hunter told us that they were called Grey Geese and said they are tops for eating. It will be awhile before the cycle of their instinct brings them south again but if they all come back this way the hunting sure should be good.

What Happened at the Council Meeting

The regular meeting of the Council was held at 8 p.m. on April 9 in the Town Hall. Those present were: Dep. Mayor Pack and Councillors Wilde, Jacobs, Ralph, Galbraith and Melchin. Minutes of the previous meeting were read and adopted on motion of Councillor Ralph.

Cash statement was read and accepted on motion of Coun. Jacobs.

Wiring Licence - Glen Bullock met the Council regarding wiring licence charge. Moved by Coun. Wilde that the licensing committee investigate the matter and bring in a report. Carried.

The Cemetery Committee met the Council requesting a grant for the cemetery. The matter was tabled for discussion with the budget.

Auditor - The Government approval to the appointment of Leonard Watson as Town Auditor was read.

Fly Control - Coun. Ralph reported the plans for spraying for fly control by the Provincial Dept. of Health.

Fire Report - The report of the Underwriters Association on Raymond Fire Brigade etc. was read.

Installing Water Mains - Councillor Wilde moved that A. & L. McNeely be given the trenching contract at a price of fifty cents per lineal foot. Carried.

Gasoline Supplied - Only one bid for supplying gasoline to the Town for one year was received. Moved by Coun. Ralph that the contract be given to Gas & Oil Products. Carried.

(continued on page two)

The Legion Ladies will be sponsoring a Spring and Summer Fashion Show and Tea on May 19 at the Legion Hall. The clothes etc will be provided by the local merchants and an enjoyable time is promised to all. Get your tickets early and support the Ladies in this venture.

Bruce Heggie had the painful misfortune on Monday morning of losing the last two fingers of his right hand while he was working at the A. P. elevator with George Blair unloading an annex. He was rushed to the local hospital where Drs. Taylor and Brewerton did surgical work on his hand.

1st Ward Boys and Girls Receive Awards

It was Award Night for the young people in the First Ward Church Service last Sunday, with 16 girls as well as a number of boys receiving individual awards for their activities in all phases of Church work. Mrs. Shaw made the presentation to the girls and Murray Holt to the boys. Class Awards were presented to the Bee Hive Girls and the Jr. Gleaners by their respective teachers Norma Dahl and Agnes Nielson.

A very interesting program was presented by these people, starting out with a talk by Doug Litchfield, a duet by Fern Dahl and Joyce Stevenson, a Reading by LaVon Shaw and a solo by Carol Holmes. A talk by Gordon Tychson was followed by a piano duet by Marolyn Bacon and Connie Fisher, and a solo by Virginia Evans. Floy Kettle was the concluding speaker, and was followed by a Junior Gleaner Chorus.

Mr. and Mrs. M. T. King, accompanied by Tommy King recently returned from spending the Easter holidays in Vancouver where they spent an enjoyable time visiting relatives. Mrs. T. O. King, who had been visiting for a few weeks prior to their arrival, returned to Raymond with them.

Mrs. Earl Harris of Magrath, who has been a guest at the Jimmy Anderson home here for the past weeks, returned home last Sunday. Mr. Harris was a visitor at the Anderson home on Sunday.

Curling Club Re-elects Officers

The re-organization meeting of the Raymond Curling Club was held last Friday night in the Town Hall with the same officers being re-elected for another year; Heber Allen will be President again, Myron Holmes will be Vice-President, Harold McKean will be Secretary and Jim Grant will continue as Treasurer. Jack Pittaway, Mirza Pack and Mutt Ralph were elected Directors.

The new executive will appoint a Bonspiel Committee and an Ice Committee and will also arrange for securing the services of a caretaker.

The forming of rinks was discussed with some points causing somewhat heated arguments before it was decided to let the members form their own rinks. The deadline for the entering of the rinks was set for October 15th. and curlers are reminded that the registration fee must be paid at the time of entering the rink.

With control (by artificial means) over the whims of Mother Nature the Curling Club is looking for a banner year during the 1951-52 Curling Season and some of the real enthusiasts almost wish winter were here so they could shoot the rock.

Another Step Toward Good Roads

Due, in a large extent, to the untiring work of a few local men with the assistance of the Lethbridge C of C, the Raymond-Craddock road will be improved this year. At first the government specifications for this road called for only a 24 foot top but at the insistence of local men and L. C. Halmrast, M.L.A. this was changed to where the road will now be brought up to standard grade with a 30 foot top. When the work is completed this year the road running from the Welling Junction to Craddock will be in the last stages of completion and will be ready for the hardsurfacing which we can hope will come in the near future. The assurance of the government Dept. of Public Works has been given that this grading work will be done this summer so the future—with its hard-topped roads in and out of town—looks bright for the motorists of Raymond and district.

It will be fun to drive to Waterton then.

The Power Will Be Off

Those of you who have electric ranges better plan to do all your Sunday cooking before 8 a.m. between 10:30 and 1:30 p.m. or after 4:30 p.m. because the electrical power will be shut off all the rest of the time. This shut-off is necessary to allow the Calgary Power men to do a change-over job on their local set-up. No, this will not bring a halt to those power shortages that catch us in awkward circumstances at times because most of that trouble originates in the Calgary area. When the new Spray development of the Company is completed we should be through with our power shortages, but in the meantime do not swear at Calgary Power too much because we figure they have done a wonderful job this winter in supplying as steady a flow of power as they have done. In many places in the world, and right here in Canada, power has to be rationed.

Those hours again when the power will be off—8 to 10:30 a.m. and 1:30 to 4:30 p.m.

250 Visiting Teachers Attend Social

The Taylor Stake Relief Society Visiting Teachers, about 250 in all, enjoyed a very interesting program in the Stake House Wednesday afternoon with Mrs. Ina Gibb in charge.

Mrs. Crookston, Stake Relief Society President made a few opening remarks, after which Gen Hawkins, Evelyn Melchin and Laura Watson sang "My Testimony" Mildred Harker of Magrath presented the "Visiting Teachers Prayer" and a group from Stirling put on a skit about the "Unprepared Visiting Teacher". Anne King told the story "Changed Attitude" and Katherine Keeler played a lovely piano solo, after which Cleo Harker of Magrath led the group in a story game.

A dainty lunch, served by the Stake Board brought the pleasant afternoon to a close.

History Repeats Itself

In our first issue of the Recorder, just over a year ago, we heralded the glad tidings that the Town Council had reduced the tax rate by 14 mills. We have the same good news but in a lesser degree. At the last Council meeting a new mill rate was set at 41 mills with the reduction being three mills.

This reduction was made so that the Town could qualify for a Provincial grant that is being made to all municipalities that set their current mill rate below the highest rate set in 1949 or 1950. The maximum grant is the equivalent to three mills of the assessed valuation.

As the School has asked for \$7,596 more than last year it will mean that the Town will have to reduce its operating expenses an equal amount to offset this increased requisition from the School.

Therefore, some Town services will have to be either eliminated or reduced this year in order to give the taxpayers the benefit of the government grant which has the effect of reducing their taxes.

Mr. and Mrs. Evan Sabey and Mr. and Mrs. Devoe Matkin from here and Mr. and Mrs. Delmond O'Brien of Lethbridge paid a surprise visit to their parents Mr. and Mrs. Ike Orgill on Sunday to celebrate Mrs. Orgill's birthday.

Capitol Theatre News

Next week brings to the Capitol three excellent attractions which can be most heartily recommended. Monday and Tuesday the management is presenting Cary Grant and Myrna Loy in "Mr. Blandings Builds His Dream House" which is undoubtedly one of the most brilliant comedies of the screen.

Wednesday and Thursday a dramatic thunderbolt in the picture "Quebec" which was filmed in the Province of Quebec. This brings the new star "John Barrymore Jr. in his most promising role. This picture is in Technicolor.

Friday and Saturday is Jackie Robinson Story. We promise the theatre goers of Raymond and District one of the finest motion pictures they have ever seen with this production. You too will change your mind regarding race prejudice when you witness this never-to-be-forgotten picture.

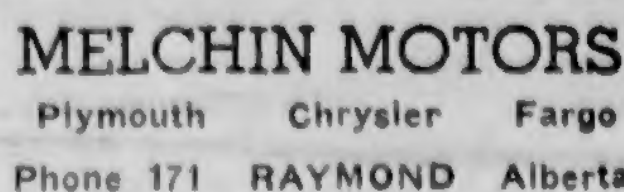

"Father of the Bride" with Spencer Tracy and Elizabeth Taylor starts a three day engagement on Monday April 23rd. This attraction has broken records for attendance everywhere it has been shown.

entitled to the floor of the house. Later attempts to demand withdrawal were turned down because he broke the rules of the house. But Mr. Wray did manage to deny he was a communist.

Mr. Wray did not stop there. He opposed the export of natural gas to the United States, which is being allowed for defence purposes. He also opposed the bill for civil defence measures on the ground that it was creating fear among the people, there was no defence for atomic war and peace could only come from negotiation.

C. C. F. Leader Elmer Roper, generally tolerant of Mr. Wray, lost his patience and said he considered Mr. Wray not a communist but at best a "tool of the Cominform". Mr. Wray was not successful in having this remark withdrawn either.

It was perhaps the first time in the history of the house that the member's stormy career was marked by opposition from all sides. In the past members have either fought for his right to make assertions or listened to him without action as he failed to bring forth proof. But this time members as a group, regardless of politics, showed anger at the suggestion that this country was being led into imperialistic aggression by other members of the United Nations.

The final scene came when Mr. Wray's seat was moved far away from other opposition members. A. V. Bourcier, Lac Ste Anne, himself turned out of the Social Credit party, asked the move. He did not want to be associated with Mr. Wray in the eyes of the public.
